## Christmas Forever

### Technical rider

**Scenic space:** Opening: 10m  
Width: 8m  
Height: open-air

+ Near the play area: a window at the first or second floor, at sight of the audience, from which Santa Claus can make a speech. It is necessary to be able to get in and out from the building by a door that the audience can possibly see (at the best the door should be wide enough to let 4 people carrying a coffin going out) .

+ Another similar place: balcony, window, tree, phone box, from which Spiderman can appear and disappear

**Duration :** Show : 1h  
Set up : 2h30  
Dismantling : 1h30

**Power supply :** Daytime : 1 x 220V – 16A  
Night time : 1 x 220V – 16A + what you need for the lights that you provide (read below)

**Sound :** Material provided by the organizer :

- One sound system 2000 wat
- 1 microphone (HF) shure sm 58 or similar
- 2cables XLR for the connection between sound system and mixer

Material provided by the company :

- 1 mixing console MACKIE 12 lines
- 2 microphones Radio Head Set
- 1 computer and cables to connect it to the console

**Lights :** Daytime : nothing  
Night time : Enough lights to light up the scenic space (full stage wash) + a follow spot and a follow spot operator.

**Team :** 6/7 people, **including one vegetarian**

**OTHER NEEDS :** the organizer has also to provide :

- 1 limousine, or another classy or surprising vehicle (old car, motorcycle, side car, weird moped...) for the arrival of Santa Claus
- 1 accomplice sit in the audience, who will be chosen by Santa Claus to express a desire, which is a horse. This accomplice has to be a young woman
- 1 horse, who will realize a little intervention (2min) : the horse will be the present for the young woman (the above mentioned accomplice)
- 2 people (volunteer, technician, ...) to help carry Santa Claus's coffin during the final funeral parade, from the door of the building with the balcony, to the centre stage.
